Subject: Key to Lock on Access Road Gate, White Oak Mine, C/007/0001,
Outgoing File

Dear Mr. Caine:

Enclosed is a key to the new lock on the White Oak Mine access road gate.

We are finishing up our contract specifications for reclamation work and will be working through the Utah Division of Purchasing to get the contract out for bid later on this summer. You previously mentioned that you knew of contractors who would like to bid on the project. Please let them know that they must be registered with the Utah Division of Purchasing to receive notice of the bidding opportunity. The bidding is done electronically and all bidders must be registered. Information on registering with BidSync is found at the "Bid Notification System" tab on the <http://www.purchasing.utah.gov/> site.

Time is running short to provide input on the reclamation plans for the site. If you would like to discuss the designs, please call the assigned engineer, James Owen at (801) 538-5306 as soon as possible. His email is jamesowen@utah.gov.

Sincerely,

James D. Smith
Permit Supervisor
